

Dear Customer,

we would like to inform you that from 01/06/2021 in order to continue using the smartwatch models, which are Forever SW-500 and Forever SW-600, it is necessary to download and install the "Orunning" application from the Google Play store and the App Store. The following QR code will lead you directly to one of the stores listed, depending on the operating system used. In order to find the application, scan the QR code below or enter the name of the application in the search engine.

Best regards

Forever team
